## **AWARD-WINNING WEDDING PHOTOGRAPHER FROM AUSTRALIA IN UK FOR SUMMER 2015!!**

WELCOME to Bushturkey Studio!

Founded in Australia in 2002, a few years after emigrating from the UK, we are keen to return again for an English summer or two, and bring some sun with us (no extra cost!). We are taking bookings for this 2015 summer (mid-July to end of August) and would love to be a part and photograph the story of your day.

We have a great relationship with Old Luxters Barn / Chiltern Valley Winery and know the grounds and the area very well having grown up close by. It's an amazing venue with so many places to adventure and use on your wedding day for photographs.

I have photographed around 400 weddings over a 12 year period and there is still a genuine joy in photographing all that a wedding gathering brings. We are photojournalistic at heart and with that genuine story we bring a relaxed, fun and quirky vibe, as well as a classic fashion sensibility to the portraits and details and landscapes. We create photographs to remember and celebrate your day. Weddings are events that have a well planned structure but also a sense of freedom and an openness to possibilities. It's an inspiring day! Check out our website and instagram feed - we'd love to hear from you.

Warmly, Justin x

### **PACKAGES** *(UK pounds)*

#### **ALL DAY STORY    1250\***
