WHO ARE WE?

My name is Courtney, I am the proud owner of CourtsCuddles. We are a trustworthy and professional Pet Care Service business in Berkshire. Our main aim is for pet owners to rest assured knowing that their beloved fur babies are in the best hands. We prioritise safety, socialisation and of course the upmost amount of love to any pets in our care. After completing a Level 3 Extended Diploma in Animal Management at Berkshire College of Agriculture, I finally took the plunge and made the decision to begin CourtsCuddles. Opening in 2022 but starting in our hearts years before.

with love, Courtney

Dog Wedding Chaperoning

During this special service we are entrusted with the care of your beloved pup as they participate in a day filled with love and celebration. Our mission is to ensure the furry guest is happy, comfortable, and ready for all of the excitement. From coordinating their attire to managing their energy levels during the festivities, we'll help create unforgettable moments. Picture joyful tail wags during the ceremony and playful interactions during the reception. It's a heartwarming opportunity to witness the union of two people while ensuring their four-legged friend is right there by their side, making the day even more memorable!

TESTIMONIALS

MAUI'S OWNERS

Courtney has been the one to help us live the life needed for Maui. By seeing our dog each day, we have been able to work and not sacrifice his own health.

Courtney has been coming over for a while now, playing with him and making sure he's all well. He misses his friend when she's not here and we are so happy she is in his and our lives. Would highly recommend!

MABEL'S OWNER

Courtney looked after our puppy Mabel for a weekend whilst we were away. This included feeding, walking, playing, giving her medication and an overnight stay. She was so well looked after, it meant we could have peace of mind and enjoy the weekend without worrying about our Mabels. Would thoroughly recommend.

TOADS OWNER

I cannot fault the service at all! I felt so completely at ease leaving her to look after the animals and her communication during the duration of the trip was excellent. When we got home the house was in the exact same condition we had left it and all 3 of the animals were happy and well looked after. (I think our kitten was actually more upset that he wouldn't get his daily cuddles from his new friend when we returned!) Thank you so much Courtney will 100% be coming back to you for any future requirements!
